Dear Emi in 2021,

You are reading this letter on your twenty-fifth birthday. How is life in 2021? Have many things changed? Has your dream come true? I hope you are a doctor now.

Do you remember you hoped to help people in the future? You liked science and English, and studied in the library in junior high school. Did you study hard in high school and college?

Do you still visit the nursing home? It is a very important activity. You must have many things to do, but I hope you still work there as a volunteer.

I have to meet Aki and Yuka now. I want to ask one more question. Are we still best friends in 2021?

See you,

Emi in 2011

Today was Friday. I came to the USA and met Mr. and Mrs. Smith. I will stay with them for five days. I feel happy because they were very nice. Mrs. Smith cooked me dinner. She can cook very well!

A

Today I went to the zoo in the city with Mr. and Mrs. Smith. The zoo was very large and Mr. Smith said to me, "Don't walk alone." I remembered my bad time at the store, but then I saw some cute animals and forgot about my bad time on Saturday. I bought a book about animals for my mother. I enjoyed my time at the zoo.

B

Today Mr. and Mrs. Smith had a good-bye lunch for me in the park. Then we went to the airport. I forgot to buy something for my friend Ryo at the zoo on Sunday, so I bought him a movie at the airport. When we said good-bye, Mrs. Smith started to cry and asked me to come back to visit them. Mr. Smith gave me a letter and told me to read it after I returned to Japan. Then we took a last picture together and I left to go to Japan.

C

Today I had a one-day trip to the mountains with Mr. Smith. It was very good weather and I took many pictures there. I saw some beautiful birds which I also saw at the zoo yesterday. We ate some food which Mr. Smith made. I was surprised because he can also cook as well as Mrs. Smith.

D

Today I went to the store with Mr. Smith to buy a lunch box for my father and some CDs I wanted. The store was very big and I got lost. I didn't know what to do, but then Mr. Smith found me. I felt happy when I saw his face.

Last night I left the USA and came back to Japan. I left the USA on Tuesday, but when I came to Japan it was Wednesday. My time in America was like a dream, but when I opened the letter from Mr. Smith today, I felt happy. I really want to go back to America soon!

証明

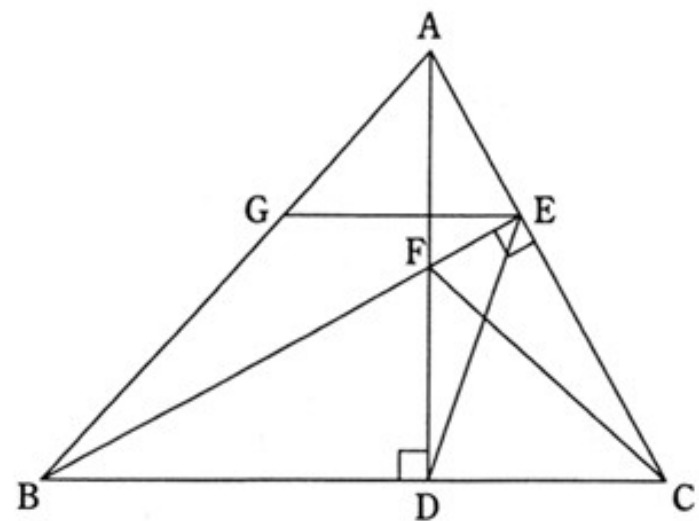

2点 D, E を結ぶ。

仮定から、 $\angle FDC = \angle FEC = 90^\circ$ なので、
2点 D, E は CF を直径とする円の円周上にある。したがって、4点 E, F, D, C は一つの円周上にある。

よって、同じ弧に対する円周角は等しいので、

$$\angle FCE = \boxed{\text{(a)}} \dots\dots\dots \text{①}$$

また、 $\angle ADB = \angle AEB = 90^\circ$ なので、同様に
して、4点 $\boxed{\text{(b)}}$ も一つの円周上にある。

(c)

したがって、 $\triangle GBE \sim \triangle FCA$ となる。

選択肢

- | | | | |
|----------------|----------------|----------------|----------------|
| ア $\angle CFD$ | イ $\angle FDE$ | ウ $\angle EAF$ | エ $\angle DEF$ |
|----------------|----------------|----------------|----------------|

(2) $AB = 7 \text{ cm}$, $AC = 5 \text{ cm}$, $BC = 8 \text{ cm}$ のとき、 $\triangle GBE$ と $\triangle FCA$ の面積の比を、最も簡単な整数の比で表しなさい。
